Education

Bachelor of Technology in Data Science
Gyan Ganga Institue of Technology and Sciences, Jabalpur
2023 – 2027 | CGPA: 7/10
Relevant Coursework: Data Structures, DBMS, Operating Systems, Computer Networks, OOP, SE

Technical Skills

Languages: C++, Python, JavaScript
Web: HTML, CSS, React (Basic), Node.js (Basic)
Database: MySQL / MongoDB
Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems
Tools: Git, Linux, Postman, VS Code

Projects

Prahari – *AI-Powered Static Analysis for Detecting Fraudulent Banking Apps*
Tech Stack: Python, Flask, Scikit-learn, SQLite, HTML/CSS, Jinja2
-Built a cybersecurity tool to detect fraudulent banking APKs using static feature extraction and ML-based risk scoring (0–100).
-Implemented APK parsing, certificate and permission analysis, and multi-model ensemble inference.
-Developed REST APIs with SQLite integration for structured scan reports and dashboard-based assessment.
GitHub: https://github.com/howtoquitvivek/prahari-apk-analyzer

EduFinance – Gamified Financial Literacy Platform (Hackathon Project)
Tech Stack: React, Vite, Tailwind CSS, Node.js, Express, MongoDB, Fluvio, JWT, Nodemailer, Razorpay
-Implemented JWT-based authentication and role-based access control for users and admin.
-Built real-time stock and financial news dashboard using Fluvio streaming and external APIs.
-Developed admin-side CRUD operations and integrated email notifications using Nodemailer.
GitHub: https://github.com/parshadk/hackhazard_hackathon

Experience

Full Stack Developer Intern
Early-Stage Retail Tech Startup (Confidential) | Remote
Dec 2025 – Present
-Developing a mobile application using Expo (React Native) with FastAPI backend and React-based admin dashboard.
-Built REST APIs for with secure authentication.
-Designed and implemented CRUD workflows and optimized backend endpoints for performance and scalability.

Acheivements

-Winner – Cyber Shield Hackathon 2025
-Finalist – NASA Space Apps Challenge 2025, Top 100 – HackHazard 2025
-Mentored students in hackathon cohort groups, guiding project development and technical implementation.
